Wonderful! 马可和他的家人全家大团圆。

Wen-J, do you come from a big family?

Well, I have only two brothers. 我只有两个兄弟，不算大家庭。

We call this a “nuclear family”.

西方人称这为核心家庭。 Nuclear family

It's also called the traditional family.

也有人称这为传统的家庭。 Traditional family

But if there are more generations of a family living in the same household,

如果家里有好几代的成人住在一起。

We call it an “extended family”.

Her name is Jenn. And she comes from a big family.

这位朋友 Jenn 来自一个大家庭。

Our friend Jenn loves Chinese people.

我们这位朋友 Jenn 很喜欢跟华人作朋友。

So she spent a year teaching in China.

也因此，她曾花一年的功夫在中国教书。

We are going to hear her talk about her thoughts on the holidays.

我们来听听她对节期的一些想法。

Listen carefully. Wen-Jie will first explain the meaning for you.

仔细听，我先帮助你了解内容。

The holiday season has always been a big deal in my family. The holiday festivities begin at Thanksgiving and continue on through Christmas, New Years, and generally finish with my sister, Jamie's birthday on January 6<sup>th</sup>.

一直以来，节期假日在我家庭里是件很盛大的事。节期的庆祝从感恩节开始，过了圣诞节，新年，大概持续到我姊姊的生日一月六日才算告一段落。

Growing up at home I always loved spending the holiday times with my extended family. I remember each family would take turns hosting different gatherings at each other's houses. All of the time we spent together celebrating brought us very close as a family. 从小长大，我总是爱和我的大家族一起度过假期时光。我记得，每个家庭会轮流在自己家里主办聚会。那些欢庆聚集的时光使我们家族大家感情融洽亲密。

This past year while I was teaching in Northeast China, I didn't get the chance to go home and spend the holidays with my family, or celebrate my sister's birthday. However as the holidays began to approach, I was still so excited about celebrating them. 过去这一年，当我还在中国的东北教书时，我没能够回家和家人一起过节，也没能庆祝我姊姊的生日。但是当节期来临时，我还是很兴奋想好好庆祝一番。

I discovered that my students and several other teachers from various different countries were also looking forward to celebrating the holidays. So, for my students, I shared with them several different holiday traditions and had some parties. 我发现我的学生，还有来自不同国家的同校老师，她们也很期待要来庆祝节期。所以，我跟我的学生分享了好多个不同的节期传统，也有几次的庆祝会。

And for the teachers we all decided to come together and be each other's "family" for the holidays. We planned out parties, shared our different holiday traditions. 至於和同校的老师，我们决定要团聚一起，在假期时成为彼此的亲密家人。我们筹画了欢庆会，参与了各自不同的假期传统。

On New Year's Eve, we sang, and danced, played different group games, and at midnight we toasted the beginning of a new year and the continuance of our good friendships. 在除夕夜那晚，我们唱歌、跳舞、玩团体游戏。夜半 12 点时我们也举杯，庆祝新的一年的开始，也相互祝福我们的友谊能延续长久。

Looking back on it now, if I had chosen to keep to myself, the holidays would not have been nearly as fun or meaningful, but because all of us were willing to share with each other and be the “families” for each other, we had a wonderful holiday season and a very memorable start to the new year. 现今回头一想，如果当时我选择自己一个人单独过节，那段节期时光就不会那么有趣和有意义了。但因为所有的人都愿意把自己分享出去，成为彼此的家人，我们有了一个很美好的假期，也有了值得回忆的一年的新开始。

Wen-Jie, in this sharing, Jenn talks about family a lot.

这段分享里，Jenn 多次谈到 family 家庭。

Like, extended family, be each other's family

好比，大家族 extended family, 成为彼此的家人 be each other's family

I can understand what she means. When I was a foreign student here, 记得当我还作留学生时，my host family welcomed me into their home during the holiday time. 我的美国家庭会接待我到他们家去过节。

So, they were like family to you.

对了，他们就像是我的家人一样。

And now you do the same. You also open your home to many students.

是阿，现今我也开放家里给许多学生来。

That's great. Well, shall we listen to Jenn's sharing once again?

Sure. 我们再次来听一回 Jenn 的分享。
